

ERRATUM

Master's Admission Selection Process – 2026.2 Final Grades

The Coordination of the Graduate Program in Pharmacology and Medicinal Chemistry (PPGFQM), at the Institute of Biomedical Sciences of the Federal University of Rio de Janeiro (UFRJ), hereby issues this **ERRATUM** regarding the document “**Final Grade**” of the 2026.2 Master's Admission Selection Process.

Following a review of the grades and the criteria established in the Selection Notice, an inconsistency was identified in the information concerning the candidate identified by code **M014**.

Where it reads:

Candidate Code: M014

Final Grade: 7.02

Status: approved

It should read:

Candidate Code: M014

Final Grade: 7.02

Status: not approved

This correction is due to the fact that the grade obtained in the **Evaluation and Oral Examination of the Research Pre-Project (AAPP)** stage was **4.00**, which is below the minimum grade of **7.00** required for approval at this stage of the selection process. Therefore, although the calculated final grade is 7.02, the candidate does not meet the minimum requirement established for Stage 3.

All other grades and information contained in the original document remain unchanged.

Rio de Janeiro, August 17, 2026.

Lucienne da Silva Lara Morcillo

Coordinator

Graduate Program in Pharmacology and Medicinal Chemistry – PPGFQM
